

VJ ELECTRONIX

A VJ Technologies Company

FOR IMMEDIATE RELEASE

VJ Electronix Adds FHP Reps to Its North American Sales Channel

March 2011 — VJ Electronix, Inc., the leader in rework technologies and global provider of advanced X-ray inspection systems, is pleased to announce that it has appointed FHP Reps as its exclusive manufacturers' representative for Colorado, Utah and Wyoming.

FHP Reps will represent VJ Electronix's Summit Series, 400 Series rework products and Vertex X-ray. According to FHP President Keith Favre, "The VJE X-ray and rework products help us to strengthen our position and broaden the wide range of solutions that we bring to the electronics manufacturing industry."

FHP Reps, headquartered in Granbury TX, has more than 100 years combined experience with pick-and-place, reflow and wave soldering, AOI and SPI inspection, cleaning, consumables, and now rework and X-ray.

"FHP Reps will fill an important role in our Western USA sales team. FHP works with all aspects of the manufacturing field, which is critical to our sales process," said Mel Herrera, Western Regional Sales Manager for VJ Electronix.

VJ Electronix, with 20 years of experience in the electronics industry, has a complete range of machines used in different fields wherever a high technology level is required, e.g. military, medical, NDT, etc. The appointment of FHP Reps is a key step in the company's strategic efforts to raise its profile in the domestic market.

FHP Reps will represent VJ Electronix's full line of automated rework and X-ray inspection solutions throughout Colorado, Utah and Wyoming. For more information about FHP's products and services, contact Keith Favre, President, at (719)238-2747 or on the Web at www.fhpreps.com.
