FOR IMMEDIATE RELEASE

VJ Electronix Selects Life Project as Its Exclusive Distributor Throughout Italy

November 2010 — VJ Electronix, Inc., the leader in rework technologies and global provider of advanced X-ray inspection systems, is pleased to announce that it has appointed Life Project as its exclusive distributor for Italy.

Life Project will be handled by the European branch of VJ Technologies (located in Epinay sous Senart in France) that will guarantee full technical and commercial support. "With this agreement, Life Project has added a solid company that is able to propose the best solutions to better support customers' requests in the electronics market," said Massimo Sant'Angelo, Sales Manager.

Massimo Sant'Angelo, Sales Manager of Life Project and Donald Naugler, President of VJ Electronix

Life Project is a newly formed company that covers Italy exclusively with a full range of SMT assembly products, including pick-and-place, reflow, AOI inspection, board handlers and cleaners, and now rework and X-ray.

"Life Project is a great addition to our worldwide sales and support team. The company brings decades of experience and is involved with all of the right players. Factory training of their engineering staff is underway and we look forward to the start of another great long-term partnership," said Donald Naugler, President of VJ Electronix.

VJ Electronix, with 20 years of experience in the electronics industry, has a complete range of machines used in different fields wherever a high technology level is required, e.g. military, medical, NDT, etc. The appointment of Life Project is a key step in the company's strategic efforts to raise its profile in the European market.

Life Project will represent VJ Electronix's full line of automated rework and X-ray inspection solutions throughout Italy. For more information about Life Project's products and services, contact Massimo Sant'Angelo, Sales Manager, at +39 0362 344161 or on the web at www.lifeprojectsrl.com.
